Mono Lake

#2

Make a good copy of a layered food web and turn in. you can choose either;

Mono Lake

Great plains

Don't forget energy transfer arrows!

Learning

Target: I can create layered food webs.

Tertiary Consumer	FOX	→
Secondary Consumer	Geese	Bacteria
Primary Consumer	Pika gazelle Elephant wildebeest yak. flies	Flies
Producer	grasses (flowering plants) Tree bushes	Decomposer

03/19

Mono Lake

#2

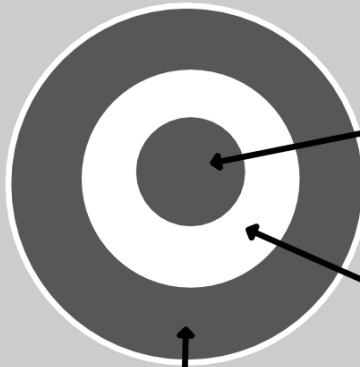

Agenda

-review the vocab
-Apply the vocab to an ecosystem.

Exit goal

Know the organisms in mono lake

How well do you think you have reached the learning target for today?

Bullseye! Got it.

Almost. Need some practice

Got a way to go yet

Learning

Target: I can create layered food webs.
