

06/04

Puget Sound

In your journal briefly write about the last time you visited the Puget Sound. (Where did you go? What did you do?)

Seattle - visiting
Seattle - symphony
Seattle - Rainy
Seattle - airport
Anacortes - ferry
Mercer I - visit
Sunshine Coast - Recreation
Everett - Movie
Port Tunnel - ferry - ferry

Learning Target

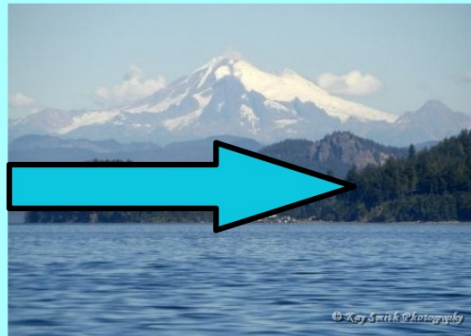

- i can identify the ecosystems of the puget Sound.
- i can identify the resources of the Puget Sound

06/04

Puget Sound

What is the Puget Sound?

An sound is an inlet from the sea. typically a long, narrow and deep body of water. 

Where is the Puget Sound?

<http://www.bing.com/maps/default.aspx?q=puget+Sound&mkt=en&FORM=HDRSC4&adlt=strict>

Learning

Target:

i can identify the ecosystems of the puget Sound.
i can identify the resources of the Puget Sound

06/04

Puget Sound

In your journal list out the names of the ecosystems that you see in this series of pictures. Use a T chart format (we will come back to this)

Ecosystem

--	--

Learning

Target:

I can identify the ecosystems of the puget Sound.
I can identify the resources of the Puget Sound

06/04

Puget Sound

Go to this T-chart.

With your elbow partner say what Ecosystem Services can be obtained from the different ecosystems in Puget Sound.

Ecosystem	Ecosystem Service
Waterways	cruise ships and ferries

Learning

Target:

i can identify the ecosystems of the puget Sound.
i can identify the resources of the Puget Sound

06/04

Puget Sound

Sustainability:

This means that the needs of the present can be met without limiting the ability of populations to meet their needs in the future.

In a sustainable community all three sectors of environment, society and economy are thriving.

Learning

Target:

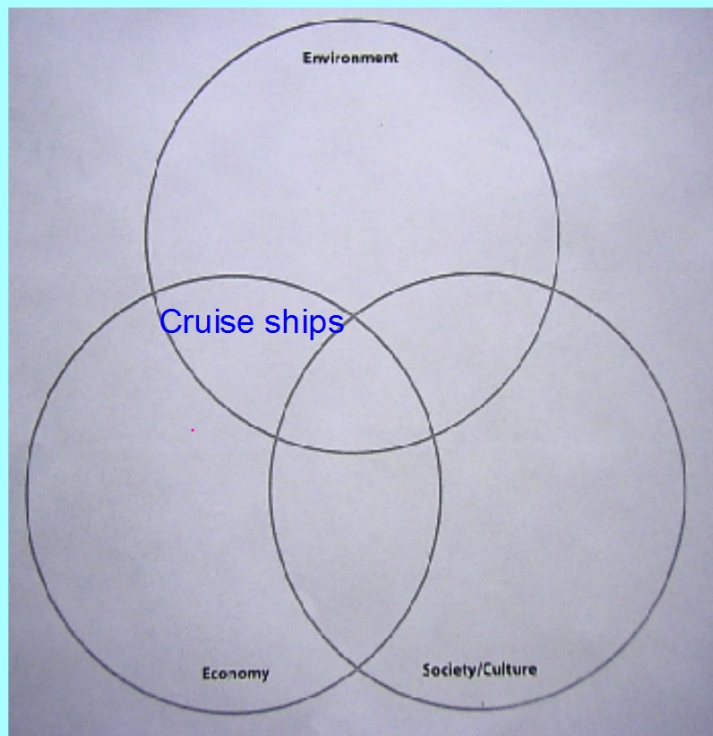

l can identify the ecosystems of the puget Sound.

i can identify the resources of the Puget Sound

06/04

Puget Sound

Use the venn diagram and decide where each ecosystem service fits.

Learning

Target:

I can identify the ecosystems of the puget Sound.
I can identify the resources of the Puget Sound

Discussion Questions:

1. Does an ecosystem need to directly benefit humans to be valuable?
2. How do ecosystem services support the sustainability of a community?
3. What do you think might happen if these ecosystem services are not protected?
4. What activities could impact ecosystem services in Puget Sound, either positively or negatively?

Learning

Target:

I can identify the ecosystems of the Puget Sound.

I can identify the resources of the Puget Sound
