

Agenda

- Journal check
- Humdinger

Check your journal entries 5-8. Make sure your table of contents is accurate and all dates and titles on your entries.

Do not begin scoring

Learning target

I can make a physical model of a black box making inferences about what it looks like using observations and background knowledge.

-  Sit up
-  Track the speaker
-  Ask questions
-  Respect your peers
-  Stay focused

Your goal is to create a model that matches the hum dinger black box. Create a system that hums when you pull the string and dings when you let go.

You have just 20 mins to make this happen!

Learning Target: I can make a physical model of a black box making inferences about what it looks like using observations and background knowledge.
